Report:

Zone 11 is moving along into 2022.

Alaska Region is trying some new things with President Jamie Bernard spearheading. It is slow going and at times seems tough to do things different from the past 10+ years. Jamie is working hard to come up with ideas to get new members coming out starting with a new member social at the local dealer in May.

Hawaii Region's interim President Andy Hatcher has been there for a year. He has been trying to get members to step forward to help with little luck. Andy is somewhat discouraged, so now he is meeting with small groups of the old guard and brainstorming with the current board. I am talking regularly with Andy. I have also talked to Aaron about Hawaii Region issues. I would like to thank Vu for helping with a membership issue in the region.

Big Island and Gunner is trying to fill some openings including social media. He has struck out with his region and plans to look outside the region as that is where they found help in the past. They continue holding the regions once a month driving tours with great success.

I will be out the country April 12-May 4th, 2022.

Respectfully submitted
